Recognize community heroes all year round

Guelph Mercury

Guelph is full of community heroes, especially at this time of year, but North Riverside (Waverley) Neighbourhood Group would like to recognize Hitachi Construction Truck Manufacturing Limited on Woodlawn Road.

Their wonderful management and staff, especially the social club of the organization, are the most sincere and caring people, with a special shout out to Janice Lockyer and Sean Watson — not only this time of year, but all year round.

Not only did they sponsor struggling families over the holidays, but they sponsored the whole neighbourhood group to be able to fill its emergency food shelf and provide funds for youth programming.

It is with our sincere thanks that we recognize Hitachi as one of our community heroes.
